

SITE REQUIREMENT

The EV Network are looking to acquire sites throughout the UK to add to our existing network of ultra-rapid EV charging hubs

With a strong history of success, 50 sites live and operational and backed by SDCL, one of Europe's leading infrastructure funds.

What we are looking for

- Strategic high traffic locations
 - Motorway service areas
 - Retail parks and supermarkets
 - Leisure destinations
 - Drive-thru and roadside locations
- Freehold Sites: 0.2–2 acres (greenfield or brownfield)
- Leasehold Sites: 2 – 24 EV bays on existing or new developments
- 24/7 access
- Lease Term: 20 Years Minimum

Why the EV Network?

- Guaranteed long-term rental income, indexed to CPI
- Full project funding
- Boost your ESG credentials
- Ultra-rapid 300-400 kW+ chargers
- Fast decisions, direct senior team involvement
- Best-in-class construction & project management
- Our fees are competitive, agent's introducer fees paid on leasehold and freehold acquisitions
