theEVnetwork

SITE REQUIREMENT

The EV Network are looking to acquire sites throughout the UK to add to our existing network of ultra-rapid EV charging hubs.

With strong history of success, 50 sites live and operational and back by SDCL, one of Europe's leading infrastructure funds.

What We Are Looking For

- Strategic high traffic locations
  - Motorway service areas
  - Retail parks and supermarkets
  - Leisure destinations
  - Drive-thru and roadside locations
- Freehold Sites: 0.2-2 acres (greenfield or brownfield)
- Leasehold Sites: 2-24 EV bays on existing or new developments
- 24/7 access
- Lease Term: 20 Years Minimum

Why The EV Network

- Guaranteed long-term rental income, indexed to CPI
- Full project funding
- Boost your ESG credentials
- Ultra-rapid 300-400 kW+ chargers
- Fast decisions, direct senior team involvement
- Best-in-class construction & project management
- Our fees are competitive, agent's introducer fees paid on leasehold and freehold acquisitions
